FORMULAS

Color · Shape · Finish

For every body, age and style

How to use this book

You don't need more clothes. You need a few reliable ways to put them together. Every formula here is a combination stylists use again and again, shown on women of every age, shape and background.

1 Pick the moment

Go to the chapter for where you're going: work, a date, a wedding, a flight.

2 Choose a formula, then shop your closet

Use pieces you already own in the same colors and shapes. The pieces list doubles as a checklist.

3 Make it yours

Every page tells you how to dress it up or down and how to fit it to your body.

Color

How to pick colors that work together, every time.

1 One neutral + one color

Build on navy, camel, grey, black, white or chocolate, then add one color you love.

2 Go tonal

Three shades of one color (cream, oatmeal, camel) look expensive and make you look taller.

3 Echo it once

Repeat your accent color in one small place, like shoes, a bag or a stripe, and the outfit looks planned.

4 60 / 30 / 10

One color on most of you, a second on about a third, and a small accent.

5 Best color near your face

Wear your most flattering shade up top; save tricky colors for trousers, skirts and shoes.

Shape

How to balance proportions so the outfit flatters you.

1

Fitted + loose

Pair one relaxed piece with one closer-fitting piece so your shape still shows.

2

Mark your waist

A tuck, a belt or a cropped layer defines your waist and balances wide legs.

3

Split in thirds

Divide your outfit at about one-third (a tucked top with high-rise trousers), not in half.

4

Make long lines

One color top to toe, an open coat or a V-neck adds height instantly.

5

Volume in one place

Big on top and slim below, or the reverse. Never big everywhere.

Finish

The small details that make an outfit look intentional.

1 The third piece

A blazer, cardigan, vest or jacket turns two pieces into an outfit.

2 Shoes set the mood

Sneakers say weekend, loafers say smart, pointed flats and heels say evening.

3 One metal

Choose gold or silver for jewelry, buckles and bag hardware, and stick with it.

4 The right bag

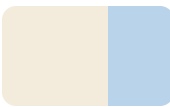

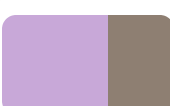

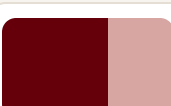

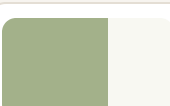

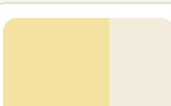

Structured for work, soft for the weekend, small for the evening.

5 Two-minute polish

Steam it, tuck it, roll a sleeve, add a lip color. Done.

- ☐ tomato red canvas work jacket
- ☐ pale blue pale blue oxford shirt

MAKE IT YOURS

Dress it down with polished loafers, or dress it up with low block-heel pumps.

FIT TIP

If you're petite, choose a blazer that ends above mid-thigh and hem the trousers to skim the floor.

MAKE IT YOURS

Swap the skirt for straight-leg trousers when you want more coverage or warmth.

FIT TIP

If pencil skirts feel snug, size for your hips and tailor the waist for a smooth fit.

THE PIECES

- ☐ chocolate fine-gauge turtleneck sweater dress
- ☐ espresso soft wool wrap coat
- ☐ blush narrow suede belt
- ☐ espresso almond-toe knee boots
- ☐ blush small hoop earrings

WHY IT WORKS

MAKE IT YOURS

For a less formal day, replace the boots with sleek loafers and opaque tights.

FIT TIP

Place the belt where your torso naturally narrows, not necessarily at your true waist.

WORK & OFFICE

- ☐ olive soft-shoulder linen-blend blazer

THE PIECES

- ☐ camel tailored sleeveless vest
- ☐ black fine rib long-sleeve knit top
- ☐ black straight ankle trousers
- ☐ red pointed leather flats
- ☐ camel slim shoulder bag

WHY IT WORKS

Camel, black and red feel modern without shouting. The long vest sharpens the narrow pant proportion, and the red flats finish the look with one decisive accent.

MAKE IT YOURS

For a presentation, add a camel blazer over the vest for a layered suit effect.

FIT TIP

If you have a fuller bust, wear the vest open to create a long vertical line.

WHY IT WORKS

Light gray, pearl and silver create a soft tonal pairing that still reads professional. The cropped cardigan meets the wide trouser proportion neatly, and the silver pumps finish it with polish.

MAKE IT YOURS

Wear the cardigan buttoned as a top, or leave it open over the tank for a softer line.

FIT TIP

Choose trousers with a flat front if you prefer less volume around the middle.

- ☐ teal straight-leg suit trousers
- ☐ cream matte jersey shell
- ☐ tan stacked-heel loafers
- ☐ tan smooth leather belt

WHY IT WORKS

The teal, cream and tan color pairing is memorable yet office-appropriate. Straight trousers keep the suit grounded, and tan heeled loafers finish it in a warm, wearable way.

MAKE IT YOURS

Break up the suit by wearing the blazer with dark denim on casual Fridays.

FIT TIP

A single-breasted blazer that nips slightly at the waist flatters curves and adds shape to straighter frames.

THE PIECES

- ☐ charcoal high-rise straight-leg trousers

FIT TIP

A V-neck blouse opens the neckline beautifully, especially with a vest or high-waist trouser.

- ☐ ivory ivory ribbed belt
- ☐ taupe almond-toe pumps
- ☐ ivory pearl stud earrings

WHY IT WORKS

Lilac, taupe and ivory create a soft color pairing that feels calm and competent. The blouse adds movement above full trousers, and the ivory belt is the finishing piece that defines the waist.

MAKE IT YOURS

Tie the bow loosely for ease, or swap it for a simple silk scarf.

FIT TIP

If pleats add volume, look for stitched-down pleats that release below the hip.

THE PIECES

- ☐ rosewood rosewood satin midi slip skirt
- ☐ dusty pink fine-knit crewneck sweater

MAKE IT YOURS

Wear sleek black loafers instead of heels for a full day on your feet.

FIT TIP

If you prefer more ease through the middle, belt the dress lightly and let the fabric blouse over it.

MAKE IT YOURS

Remove the tee and add a silk scarf when you want the dress to feel dressier.

FIT TIP

A shift should float close to the body without pulling across the bust, hips or seat.

Knit set + puffer vest + wrap + sneakers

THE PIECES

- ☐ sage straight-leg knit pants
- ☐ sage matching soft hoodie
- ☐ cream quilted puffer vest
- ☐ lavender cashmere-feel travel wrap
- ☐ cream retro walking sneakers

WHY IT WORKS

Sage and cream feel calm, while lavender adds a gentle lift. The matching set creates a clean column, and the vest adds warmth without bulk in your seat.

MAKE IT YOURS

Wear a crewneck sweater instead of the hoodie if you prefer less sporty layers.

FIT TIP

A straight-leg set is easier on many bodies than a tight jogger, especially for long sitting.

Striped tee + straight jeans + trench + flats

THE PIECES

- ☐ black straight black jeans with stretch
- ☐ white and black striped boatneck tee
- ☐ black soft belted trench coat
- ☐ red cushioned ballet flats
- ☐ black small crossbody bag

WHY IT WORKS

Black and white make the base timeless, and red flats bring energy. The straight jeans and belted trench give shape, while the crossbody keeps you light for sightseeing.

MAKE IT YOURS

Swap the flats for white sneakers on cobblestone-heavy days.

FIT TIP

If you like more waist definition, tie the trench belt in back when wearing it open.

Jeans + sweatshirt + chore jacket + cap

THE PIECES

- ☐ medium blue relaxed straight jeans
- ☐ ecru soft crewneck sweatshirt
- ☐ medium blue cotton denim chore jacket
- ☐ marigold canvas cap
- ☐ ecru supportive platform sneakers

WHY IT WORKS

Medium blue and ecru look easy, and marigold adds sunny personality. The relaxed denim-on-denim silhouette is broken up by the sweatshirt, and the cap is the practical finishing piece.

MAKE IT YOURS

Trade the cap for a silk-feel scarf if you want a more polished city look.

FIT TIP

Choose slightly different denim washes or add the ecru layer visibly to keep denim from feeling heavy.

Rain shell + ankle pants + tee + sneakers

THE PIECES

- ☐ teal packable hooded rain shell
- ☐ taupe pull-on ankle pants
- ☐ white breathable long-sleeve tee
- ☐ white water-resistant walking sneakers
- ☐ taupe lightweight backpack

WHY IT WORKS

Teal makes practical rainwear feel styled, while taupe and white keep it clean. The ankle pant prevents soggy hems, and the backpack is the hands-free finish.

MAKE IT YOURS

Add a thin fleece vest underneath when the forecast turns chilly.

FIT TIP

A tapered ankle pant works well on petites and curves because it shows the shoe and avoids extra fabric.

THE PIECES

- ☐ stone linen-blend pull-on wide pants
- ☐ coral smooth scoop-neck tee
- ☐ stone linen-blend overshirt
- ☐ cognac walking sandals with padded straps
- ☐ cognac woven sun hat

WHY IT WORKS

Stone and cognac feel natural, and coral adds warmth for photos and sunny streets. The wide pants and open overshirt create breezy movement, while the hat finishes the travel mood.

MAKE IT YOURS

Swap sandals for slim sneakers if your itinerary includes lots of stairs.

FIT TIP

Let the tee sit close to the body under the looser overshirt so the outfit keeps shape.

Wrap coat + turtleneck + wide trousers + boots

THE PIECES

- ☐ camel long wool wrap coat
- ☐ cream ribbed cashmere turtleneck
- ☐ chocolate high-rise wide-leg wool trousers
- ☐ chocolate leather belt
- ☐ chocolate almond-toe heeled ankle boots

WHY IT WORKS

Camel, cream, and chocolate look expensive without trying. The long coat over wide trousers creates one clean vertical line, while the belt finishes your waist neatly.

MAKE IT YOURS

Dress it down by trading the heeled boots for flat Chelsea boots.

FIT TIP

If you're petite, choose trousers that nearly skim the floor to lengthen your legs.

THE PIECES

- ☐ navy double-breasted wool peacoat
- ☐ heather gray fine-gauge crewneck sweater
- ☐ navy straight-leg dark wash jeans
- ☐ merlot ribbed wool scarf
- ☐ merlot lug-sole leather loafers

WHY IT WORKS

Navy and gray keep the base crisp, and merlot adds a rich winter accent. The boxy peacoat balances straight jeans, and the scarf brings the eye up.

MAKE IT YOURS

For colder days, swap loafers for merlot ankle boots with wool socks.

FIT TIP

If you carry fullness through the middle, leave the peacoat open to create a flattering center line.

THE PIECES

- ☐ cobalt hip-length insulated puffer jacket
- ☐ charcoal brushed fleece half-zip pullover
- ☐ black thermal straight-leg leggings
- ☐ charcoal knit beanie
- ☐ black water-resistant lace-up boots

WHY IT WORKS

Charcoal and black ground the bright cobalt so it feels modern, not loud. The cropped puffer gives shape over slim bottoms, and the beanie makes the look intentional.

MAKE IT YOURS

Dress it up slightly with ponte pants instead of leggings.

FIT TIP

Choose leggings with a firm, matte finish so they read more like pants.

FALL & WINTER LAYERS

THE PIECES

- ☐ olive waxed cotton barn jacket
- ☐ ecru chunky cable-knit sweater
- ☐ rust A-line corduroy midi skirt
- ☐ ecru ribbed tights
- ☐ olive knee-high leather boots

WHY IT WORKS

Olive, ecru, and rust feel autumnal but still fresh. The short utility jacket defines your waist over the midi skirt, and tall boots make the skirt winter-ready.

MAKE IT YOURS

Swap the skirt for rust corduroy trousers when you want more coverage.

FIT TIP

Let the sweater hit at your high hip, or half-tuck it to keep the A-line skirt from feeling bulky.

FALL & WINTER LAYERS

THE PIECES

- ☐ espresso faux shearling cropped jacket
- ☐ blush brushed knit mock-neck sweater
- ☐ burgundy bias-cut satin midi skirt
- ☐ espresso opaque tights
- ☐ espresso suede knee boots

WHY IT WORKS

Burgundy and blush soften espresso's depth for a pretty cold-weather mix. The cropped jacket offsets the fluid midi skirt, and suede boots add cozy texture.

MAKE IT YOURS

Make it evening-ready with a small metallic clutch and delicate earrings.

FIT TIP

If satin feels revealing, choose a thicker hammered satin or add shapewear shorts for a smoother drape.

FALL & WINTER LAYERS

Long coat + knit dress + tights + ankle boots

THE PIECES

- ☐ winter white quilted longline coat
- ☐ soft gray merino wool turtleneck dress
- ☐ soft gray ribbed wool tights
- ☐ winter white waterproof leather ankle boots
- ☐ silver brushed knit scarf

WHY IT WORKS

Winter white, soft gray, and silver make a pale palette feel cozy instead of stark. The long coat mirrors the knit dress for a sleek column, and the scarf adds softness at your face.

MAKE IT YOURS

For a lower-maintenance version, choose taupe boots instead of winter white.

FIT TIP

Pick a knit dress that skims rather than clings, especially through the hips and tummy.

FALL & WINTER LAYERS

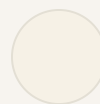

Forest Cape Layer

Cape coat + turtleneck + cigarette pants + gloves

THE PIECES

- ☐ forest green structured wool cape coat
- ☐ ivory silk-blend turtleneck shell
- ☐ black slim ponte cigarette pants
- ☐ black long leather gloves
- ☐ black pointed-toe ankle boots

WHY IT WORKS

Forest green feels rich against ivory and black. The cape's volume needs slim pants for balance, and the long gloves are the polished finishing piece.

MAKE IT YOURS

Dress it down by swapping the cape for a forest green blanket scarf over a black coat.

FIT TIP

Keep your base layer fitted so the cape can move without adding width everywhere.

FALL & WINTER LAYERS

Shirt jacket + henley + relaxed jeans + clogs

THE PIECES

- ☐ chocolate suede shirt jacket
- ☐ tan ribbed henley sweater
- ☐ denim blue relaxed straight-leg jeans
- ☐ tan wool crew socks
- ☐ chocolate suede clogs with shearling lining

WHY IT WORKS

Chocolate and tan warm up everyday denim blue beautifully. The roomy shirt jacket and relaxed jeans feel easy, while shearling-lined clogs add a cozy finish.

MAKE IT YOURS

For wet weather, trade the clogs for chocolate waterproof Chelsea boots.

FIT TIP

Roll the jeans once if they bunch at the shoe; a small break keeps the relaxed shape clean.

FALL & WINTER LAYERS

THE PIECES

- ☐ black tailored single-breasted wool coat
- ☐ ivory fine-rib crewneck sweater
- ☐ black straight-leg faux leather trousers
- ☐ red cashmere scarf
- ☐ black pointed kitten-heel boots

WHY IT WORKS

Black and ivory are sharp, and red gives the outfit energy. The tailored coat cleans up the leather trousers, while the scarf is the bold finishing piece.

MAKE IT YOURS

Make it softer by replacing faux leather trousers with black wool straight-leg pants.

FIT TIP

If leather trousers feel too snug, size for your hips and tailor the waist.

FALL & WINTER LAYERS

Belted coat + wrap knit + velvet trousers + boots

THE PIECES

- ☐ plum belted brushed wool coat
- ☐ mushroom draped knit wrap top
- ☐ deep teal wide-leg velvet trousers
- ☐ plum small satin evening bag
- ☐ mushroom block-heel ankle boots

WHY IT WORKS

Plum, mushroom, and deep teal create a moody jewel-toned palette. The belted coat and wrap top shape your waist over wide velvet trousers, and the satin bag adds glow.

MAKE IT YOURS

For daytime, swap velvet trousers for deep teal cords.

FIT TIP

Tie the wrap top where your waist naturally narrows, not necessarily at your belly button.

FALL & WINTER LAYERS

Icy Lake Layers

THE PIECES

- ☐ icy blue water-resistant quilted coat
- ☐ white thermal mock-neck base layer
- ☐ navy fisherman rib sweater
- ☐ navy straight-leg insulated pants
- ☐ white faux-fur lined snow boots

WHY IT WORKS

Icy blue and white brighten navy for real winter weather. The quilted coat has practical volume, so straight insulated pants keep the silhouette streamlined, and snow boots finish it functionally.

MAKE IT YOURS

For milder days, wear dark straight jeans instead of insulated pants.

FIT TIP

Layer a thin base under the sweater so you get warmth without adding bulk at the arms.

FALL & WINTER LAYERS

THE PIECES

- ☐ mustard oversized fair isle cardigan
- ☐ cream cotton turtleneck tee
- ☐ indigo high-rise bootcut jeans
- ☐ cream leather western ankle boots
- ☐ mustard ribbed knit beanie

WHY IT WORKS

Mustard brings warmth to indigo and cream without feeling too sweet. The oversized cardigan works with bootcut jeans because the flare anchors the volume, and the beanie ties the color together.

MAKE IT YOURS

Button the cardigan and add a belt when you want more waist definition.

FIT TIP

If you're curvy, choose a cardigan with a dropped shoulder but not too much extra fabric through the body.

FALL & WINTER LAYERS

Cocoon coat + alpaca sweater + tapered trousers + boots

THE PIECES

- ☐ taupe cocoon wool-blend coat
- ☐ lavender brushed alpaca crewneck sweater
- ☐ charcoal pleated tapered trousers
- ☐ taupe soft leather crossbody bag
- ☐ charcoal square-toe ankle boots

WHY IT WORKS

Taupe and charcoal calm lavender so the pastel feels grown-up. The cocoon coat adds softness over tapered trousers, and the crossbody bag gives the outfit structure.

MAKE IT YOURS

Dress it down with charcoal straight jeans instead of trousers.

FIT TIP

Look for tapered trousers that skim your calf rather than cling at the ankle.

FALL & WINTER LAYERS

THE PIECES

- ☐ crimson toggle-front wool duffle coat
- ☐ camel crewneck lambswool sweater
- ☐ dark denim wide-leg trouser jeans
- ☐ crimson plaid wool scarf
- ☐ camel leather riding boots

WHY IT WORKS

Crimson pops against camel and dark denim in a cheerful winter way. The structured duffle balances wide trouser jeans, and the plaid scarf makes the color choice feel purposeful.

MAKE IT YOURS

Tone it down with a navy coat and keep the crimson scarf.

FIT TIP

If wide jeans overwhelm you, choose a high rise and show the toe of your boot.

FALL & WINTER LAYERS

Teddy coat + knit hoodie + joggers + sneakers

THE PIECES

- ☐ espresso mid-thigh teddy coat
- ☐ oatmeal matching knit hoodie
- ☐ oatmeal matching knit joggers
- ☐ gold small hoop earrings
- ☐ espresso low-profile suede sneakers

WHY IT WORKS

Espresso and oatmeal feel soft and grounded, while gold adds a little polish. The teddy coat gives volume to the matching knit set, and earrings keep it from looking like loungewear only.

MAKE IT YOURS

Make it dinner-casual by swapping joggers for oatmeal knit straight pants.

FIT TIP

Choose joggers with a smooth front waistband if you want less bulk under the hoodie.

FALL & WINTER LAYERS

Slate Rain Trench

THE PIECES

- ☐ slate blue insulated water-repellent trench coat
- ☐ cream ribbed merino polo sweater
- ☐ copper tailored ankle-length trousers
- ☐ slate blue silk square scarf
- ☐ copper weatherproof Chelsea boots

WHY IT WORKS

Slate blue cools down copper, and cream keeps the palette light. The trench's straight shape pairs well with ankle trousers, and the silk scarf adds a polished layer at the neckline.

MAKE IT YOURS

For a casual version, wear cream straight jeans instead of copper trousers.

FIT TIP

Hem ankle trousers to the top of your boot so there's no awkward gap in cold weather.

MAKE IT YOURS

Olive, cream and canvas are practical but still polished for heat. The romper gives one easy shape, the belt defines you, and the cap finishes the casual mood.

Lavender and white are sweetened by tan accessories. The airy blouse and A-line skirt create soft volume, and the basket bag makes it feel like summer.

MAKE IT YOURS

Tuck the blouse into white straight jeans for a breezier coverage option.

FIT TIP

If puff sleeves add too much width, choose a blouse with a softer flutter sleeve.

WHY IT WORKS

Tomato red with cobalt and white feels bright but clean. The simple shift keeps the color from overwhelming you, and the white bag sharpens the finish.

MAKE IT YOURS

MAKE IT YOURS

Knot the tunic over shorts for daytime heat.

FIT TIP

If you are petite, choose a tunic that ends high on the thigh so it does not shorten your legs.
